GEN. MILES' REPORT.

An Account of the Indian Battle on Porcupine Creek

SENT TO ARMY HEADQUARTERS.

He States That There Was Ninety-two Indians Killed and But Few Left Alive. Indian Agent Royer Reports That There Were Three Hundred Indians Killed. Medical Director Bache's Report—Col. Forsythe Arrives at Pine Ridge Agency. WASHINGTON, Dec. 31.—Maj. Gen. Schofield has received the following telegram from Gen. Miles, dated at Hermosa, S. Dak., Dec. 30:

"Col. Forsythe says sixty-two dead Indian men were counted on the plain where the attempt was made to disarm Big Foot's band, and where the fight begun on other parts of the ground were eighteen men. These do not include those killed in ravines where dead warriors were seen but not counted. Six were brought in badly wounded, and six others were with a party of twenty-three men and women which Capt. Jack on had to abandon when attacked by about 150 Brule Indians from the agency."

"This accounts" comments Gen. Brooke "for ninety-two men killed, and leaves but few alive and unhurt. The women and children broke for the hills when the fighting commenced, and comparatively few of them were hurt and few brought in. Thirty-nine Arapahoe, of which number twenty-one are wounded. Had it not been for the attacks by the Brules, an accurate account would have been made, but the ravines were not searched afterwards. I think this shows very little apprehension from Big Foot's band in the future. A party of forty is reported as held by the scouts at the head of Mexican creek. These consist of all sizes, and the cavalry from Rosebud will bring them in if it is true."

"The Indians," says Gen. Miles, "under Big Foot, were among the most desperate. There were thirty-eight of the remainder of the Cheyenne river Indians and thirty that broke away from Hump's following when he took his band and the Sitting Bull Indians to Fort Bennett, making in all nearly 160 warriors. Before leaving their camps on the Cheyenne river they cut their harness, mutilated their wagons and started south for the Bad Lands, evidently not intending to return, but to go to war. Troops were placed between them and the Bad Lands, and they never succeeded in joining the hostiles there. All their movements were intercepted, and their severe loss at the hands of the Seventh cavalry may be a wholesome lesson to the other Sioux."

INDIAN AGENT ROYER'S REPORT

He Says That Three Hundred Indians Were Killed in the Battle.

WASHINGTON, Dec. 31.—Additional information concerning the battle between government troops and insurgent Indians was received at the Indian bureau from Indian Agent Royer, of Pine Ridge Agency, who telegraphed to Commissioner Morgan as follows:

"On Wounded Knee Creek, Monday morning, while the soldiers were disarming Big Foot and his band, after their surrender, a fight took place, which resulted in the killing of about 300 Indians and several of the soldiers, including Capt. Wallace, with a number wounded. Two Strike and his party, who were on White Clay creek, just below Red Cloud's house, opened fire on the agency from the hilltops opposite the boarding school, wounding two soldiers. The police opened fire, killing two of Two Strike's Indians, and wounding others. Two Strike and his band have retreated in a northwesterly direction from the agency, and it is supposed he is trying to make his way back to the Bad Lands. Thus far the Pine Ridge Indians have taken no active part in the matter. Big Foot, Kicking Bear, and Two Strike and his band have been and are taking an active part in the disturbance."

Commissioner Morgan sent the dispatch to Secretary Noble, who immediately took it to the president.

Medical Director Bache's Report.

WASHINGTON, Dec. 31.—Medical Director Bache telegraphs Surgeon General Sutherland from Pine Ridge agency under date of Dec. 30, as follows:

"I report that during an engagement with Indians yesterday, fifteen miles from here, and during a desultory fire on this agency, the following casualties: Capt. Wallace, twenty-five men Seventh cavalry, and one Indian scout killed; Lieut. Garlington, Seventh cavalry; Lieut. Hawthorne, Second artillery, and thirty-eight men wounded. This includes two men of Second infantry. Many wounds are severe. Hospital Steward Pollock killed. Have also about thirty wounded Indians, men, women and children."

Col. Forsythe Reaches Pine Ridge.

OMAHA, Dec. 31.—Col. Forsythe reached Pine Ridge agency yesterday with the Seventh cavalry and the surviving prisoners. He reports twenty-five of his men killed and thirty-four wounded in the fight on the Porcupine Monday. Gen. Brooke has, since the fight, revoked his order for trains to carry prisoners south under guard. There is only a remnant left.

Gen. Miles' Instructions Sufficient.

WASHINGTON, Dec. 31.—The president, Secretary Proctor and Gen. Schofield, held a conference yesterday on the Indian situation. It was agreed that the general instructions under which Gen. Miles is acting, were sufficiently elastic and broad without any additional instructions being sent him.

JACKSONVILLE, Fla., Dec. 31.—Gen. Spinner is sinking rapidly. There has been a marked change in his condition in the past twenty-four hours and the end cannot be far off.

FALLING WALLS.

Two Men Killed and Several Injured by a Falling Building.

NEW YORK, Dec. 31.—The big brewery of Herman Koehler, occupying the whole block at First avenue between Twenty-ninth and Thirtieth streets, was the scene yesterday afternoon of a most disastrous calamity. The building was in course of reconstruction, and the roof and south wall fell, burying thirty men in the wreck.

The firemen soon succeeded in extricating all the workmen from the ruins. Of the forty who were at work twelve were injured, one of whom died at the hospital later in the afternoon. No one was killed outright. The list of dead and injured is as follows:

Lead:
James Durneen, aged 33 years; had skull fractured and died shortly after reaching the hospital.
Lewis Weber, aged 19, contusions; fatally injured. Died in the hospital late last evening.

The injured are: A. Ackerman, aged 45, contusions of head and body; S. Bruenlinger, 28, Rudolph Dorn, 33, Cooper Ebley, —, Thomas Dahey, 16, John Tully, 22, all received contusions. John Hayes, 22, internal injuries; Thos. Heath, 35, scalp wound; Peter Hendrick, 17, back injured.

Three foremen of the gangs of workmen have been placed under arrest, charged with being criminally responsible for the accident. They are Joseph Turner, foreman of the bricklayers and masons; William Williams, foreman of the housecarpenters, and Adam Ackerman, foreman of the joiners. Turner and Williams are locked up, while Ackerman, who is among the injured, is under guard at Bellevue hospital.

The accident was apparently caused by the carelessness of the builders in furnishing supports which proved too weak for the work demanded of them.

Killed With a Fence Rail.

HOPKINSVILLE, Ky., Dec. 31.—Thomas Farmer and Ellis Brown, citizens residing near Scales' Mills, in this county, became involved in a quarrel over family affairs Monday morning, when the former was killed with a fence rail by Brown. Both men became very angry, when Farmer drew a knife upon his opponent, who seized a rail and struck Farmer to the ground with it. Farmer arose and followed Brown, who struck him a second blow, knocking him down and inflicting fatal internal injuries, from which he died almost instantly. Brown made his escape and is still at large.

James R. Garfield Married.

CHICAGO, Dec. 31.—James R. Garfield, the second son of the late President Garfield, last night became the husband of Helen Newell, daughter of President John Newell, of the Lake Shore and Michigan Southern railroad. The ceremony, which was strictly private, was solemnized at 8 o'clock in President Newell's mansion on Ontario street. Right Rev. Bishop McLaren, of the Episcopal diocese of Chicago, officiated. After the wedding supper there was a brilliant reception for which nearly 500 invitations were issued.

Arrested for Murder After Thirty Years.

BETHLEHEM, Pa., Dec. 31.—Henry Lutz, aged 82 years, was yesterday arrested at Illick's mills, near here, for murder committed in Germany thirty years ago. Sometime ago a man died in Germany, and on his death bed he confessed that Lutz had murdered a whole family and that he had assisted in the butchery. He was a nomad and made his home anywhere. Lutz was traced and arrested and is now on his way to Germany.

Car Heater Explodes.

COLUMBUS, O., Dec. 31.—A serious accident occurred in the car department at the Columbus Pan-Handle shops, in which two men, Thomas Burrows and Elijah Clark, were badly injured. A heating device, known as the Baker heater, was being tested, with a view of possible future use, when it exploded from the steam. The explosion was a severe one, tearing out the rear end of the car and throwing the fragments all around.

Two Polish Laborers Killed.

BUFFALO, Dec. 31.—Three unknown Polish laborers, apparently returning from their day's work, and walking on the New York Central railroad tracks in this city at 3 o'clock last night, in stepping out of the way of an approaching engine, walked in front of the fast mail train coming out of the city and all were struck and instantly killed, their bodies being so terribly mangled that they were scarcely recognizable.

Newsboy Fatally Stabbed.

NEW YORK, Dec. 31.—Daniel Jordan, a 13-year-old newsboy, stabbed Meyer Weiss, another newsboy 14 years old, in the side, near the Brooklyn bridge, yesterday afternoon. The stabbing occurred during a squabble over some papers. Weiss was taken to the hospital. His wound is probably fatal. A number of newsboys marched Jordan to the City Hall police station, where he was locked up.

Wants Damages.

NEW YORK, Dec. 31.—Alexander S. Phillipsen, who was detained at the barge office sometime since, on the suspicion that he was the Copenhagen murderer of that name who had shipped his victim to this country in a barrel of cement has sued Collector Erhardt and John Simpson for \$20,000 for false arrest and imprisonment. The real Phillipsen is in a madhouse in Copenhagen.

Attempt to Wreck a Train.

PARIS, Tex., Dec. 31.—An attempt was made to wreck the northbound Frisco passenger train between this city and Arthur last night. Some miscreant placed a tie on the track and the train struck it while running at a speed of thirty miles an hour. It was too large for the cowcatcher to get above it, and it slid along the track until the train was stopped.

WASHINGTON NEWS.

Information Obtained at the National Capital.

AMERICAN FLOUR FOR SPAIN.

A Statement Showing How Americans Might Profit By a System of Coasting Wire Trade—Proceedings of the Senate. Prospects of the Election Bill—Other Dispatches.

WASHINGTON, Dec. 11.—The bureau of the American republics furnishes an extract from an editorial in El Imparcial, a newspaper of Madrid, which, while opposing the establishment between Spain and the islands of Cuba and Porto Rico, of a system of coastwise trade, shows that American flour could be imported into Spain direct from the United States, and then reimported into Cuba or Porto Rico as Spanish flour, and yield large profit to the reimporters.

American flour has to pay in Cuba, says El Imparcial, a duty of \$7.04 per barrel of one hundred kilograms, which reduced to Spanish money make thirty-five pesetas and twenty centimes. Now the same flour taken from the United States to Spain pays there only eight pesetas and twenty-five centimes. The difference named, twenty-six pesetas and ninety-five centimes, \$5.90, would, if the coastwise trade system should now be established, not only cover the double freight and expenses, but also allow a large profit to be derived from this trade.

The bureau of American republics has information that the president of Mexico has approved the bill recently passed by the congress of that republic, admitting corn from the United States free of duty. This is a very large concession, as the duty heretofore has been one cent per kilogram, or about one-half cent per pound.

The bureau has also information from the republic of Mexico concerning the proposed establishment of the first perfumery laboratory in that republic, the proprietor being a New York man. Most of the perfumery used through out the world is made in Southern France, but recent investigation has shown remarkable facilities for the manufacture of this article in Mexico and the neighboring republics.

Senate Proceedings.

WASHINGTON, Dec. 31.—In the senate Mr. Hoar continued his speech in favor of the election bill.

Mr. Wolcott, republican, addressed the senate in opposition to it.

The financial bill was taken up informally, and Messrs. Stewart and Reagan spoke against it.

The discussion of the election bill was resumed and Mr. Teller, republican, spoke against it and against the proposed change in the rules.

Mr. Hale and others urged the necessity of disposing of the bill immediately.

The house adjourned to Friday without transacting any business.

Fate of the Election Bill.

WASHINGTON, Dec. 31.—During the holiday season there has been much speculation over the possible fate of the election bill in the house of representatives if it should pass the senate. A leading republican member, who was an advocate of the bill in the house, ventured the opinion yesterday that the bill could not get through the house again, and if any amendments were made in the senate rendering a new consideration necessary in the house, the republican members who were opposed to the bill when it was considered in the house, are quite confident that it will not go to the president.

Postoffice Robbers Arrested.

WASHINGTON, Dec. 31.—Chief Postoffice Inspector Rathbone has received a dispatch from Inspector Sharp, at Chattanooga, Tenn., stating that Mike McCullum and John Moore were arrested yesterday for robbing the postoffice at Soddy, Tenn., on Sept. 15. The arrest of Joe Rogers, another of the party, is expected to-day. The chief inspector has also received a dispatch from Inspector Wheeler, at New York, announcing the arrest of Fred H. Worth, a clerk at Station F, Brooklyn, for rifling registered letters. Worth made a full confession.

Nominations Confirmed.

WASHINGTON, Dec. 31.—The senate yesterday in secret session confirmed the nominations of John B. Jackson, of New Jersey, as second secretary of legation at Berlin; John Cunningham, postmaster at Salem, Ill., and Col. Charles Sutherland, surgeon general, United States army.

Full Fledged Justice Nov.

WASHINGTON, Dec. 31.—The president has signed the commission of Henry B. Brown, of Michigan, associate justice of the supreme court of the United States.

FURNACES TO CLOSE DOWN.

Prospects of Ten Thousand Men Soon Being Out of Employment.

PITTSBURGH, Dec. 31.—The furnace proprietors in the Mahoning and Shenango valleys held an important meeting in Youngstown, O., yesterday and resolved that on Jan. 10 they will close down their furnaces indefinitely. Twenty-three furnaces were represented. The operators claim that owing to the high railroad tariffs and the present cost of coke they are unable to continue work except at a heavy loss.

The coke operators reduced the price of coke twenty-five cents per ton, hoping to assist the furnacemen, but the latter insisted upon a greater reduction which the coke manufacturers claim they can not concede.

The shut-down will shut at least 10,000 men out of employment in the two valleys and seriously effect the freight traffic of the railroad lines.

FOREIGN NEWS.

The Scottish Strikers Show a Sign of Weakening—Other Cable Dispatches.

LONDON, Dec. 31.—The Scotch railway strikers began to show unmistakable signs of weakening yesterday, owing to the number of desertions from their ranks. The companies have changed their tactics, and instead of instituting a virtual lockout against the men, they are offering every inducement to individuals to resume their former places.

This has had a decided effect upon the more weak kneed of the strikers, many of whom are beginning to feel the pressure of want and are panic stricken by the apparent ability of the companies to get along without the old force. There is also some dissension among the strikers as to matters of policy, and this difficulty, which has existed in slight degree since the strike began, is assuming a dangerous importance.

Parnell Meets O'Brien.

BOULOGNE, Dec. 31.—The statement officially given out in regard to the conference yesterday is as follows: Mr. Parnell and Mr. O'Brien met here yesterday and had a prolonged conversation, which will be resumed in a few days. The conference was very animated, telegrams being constantly despatched to England and Ireland and answers being received. All the visitors remained here over night. The Parnell party will go to London to-day, and Messrs O'Brien and Gill will return to Paris.

Buenos Ayers Water Works.

LONDON, Dec. 31.—The Argentine government has a read to buy outright the Buenos Ayers water works for £6,750,000 in 5 per cent bonds, the company to finish the works according to its original contract. The company meets on Thursday to consider the details of the agreement made according to the offer.

Madame Eyraud Gets a Divorce.

PARIS, Dec. 31.—Madame Eyraud, wife of Michel Eyraud, the convicted murderer of Toussaint Gouffe, was yesterday granted a divorce.

Famous Dancer Dead.

LONDON, Dec. 31.—Lady De Ros, who danced at the famous ball in Brussels on the eve of the battle of Waterloo, is dead.

Navigation Suspended.

ANTWERP, Dec. 31.—The Scheldt is frozen over and navigation at Antwerp is suspended.

TRAIN ROBBERY.

Three Men Attempt to Go Through a Train at Columbus, Indiana.

COLUMBUS, Ind., Dec. 31.—When train No. 18, Chicago to Louisville southbound, reached Seventh street station in this city yesterday, three strange men boarded it and went through the day coach. "Throw up your hands," they cried to the passengers. As the coach was full of ladies, who were local passengers, but little attention was paid to them.

Frank Burton, an Indianapolis traveling man, attempted to show resistance, but was overpowered and robbed of \$3.00 in cash. But few observed what was going on until the work was done and the robbers had escaped. Officers are in pursuit with but little hope of overtaking the robbers.

A Fighting Woman.

COLUMBUS, Ind., Jan. 1.—In Hamlin township, Brown county, resides a woman named Sarah Boehler, against whom a judgment had been pronounced, and an execution issued. The officer hesitated in making an attempt to serve the writ on account of the fighting qualities of the judgment debtor, but, prompted by a sense of duty, he finally called and demanded property. He was refused admission to her residence, and when he knocked on the door he heard the distinct click of the revolver, and stepped aside just in time to escape the bullet that came crashing through the door. The woman has been arrested, and is now in jail, charged with assault with intent to kill.

Sensation in Court.

COLUMBUS, O., Dec. 31.—A sensation was caused yesterday in the preliminary trial at Johnstown of Ezra Tompkins, charged with arson at midnight on Dec. 11. Several business places at Johnstown were burned. Tompkins was arrested as the incendiary, and on the witness stand two Poles and a Jew testified that the defendant had been hired for \$100 to set fire to the buildings. One of the witnesses owned the property and expected to get the insurance. Tompkins offered no defense and was bound over.

Ex-Warden Howard Will Pay \$6,000.

NEW ALBANY, Ind., Dec. 31.—The celebrated case of the State vs. A. T. Howard was settled by compromise for \$6,000 in the Floyd circuit court. Howard was warden of the Prison South, and at the expiration of his term of office it is claimed that he was short in his accounts between \$15,000 and \$20,000. Suit was at once instituted, and the matter has been in the courts for years. A year ago judgment was rendered for the state for \$2,500 in Clark county, and the payment of this judgment is included in the compromise.

Runaway Feeble-Minded Children.

FORT WAYNE, Ind., Dec. 31.—Some time during Monday night Alvin Davis, Christopher Swain, Edward Cahill and William B. Feeble, inmates of the state home for feeble-minded, escaped from that institution and are still at large. Two of them were from the southern part of the state, and all have probably gone south toward Indianapolis. The boys ranged in ages from 13 to 22 years.

Well Known Man Dead.

MARIETTA, O., Dec. 31.—Hon. John Strecker, well known throughout the state, died yesterday, after a lingering illness, aged 53. He served two terms in the Ohio legislature from Washington county.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, DECEMBER 31, 1890.

THE New York World remarks: "With flat money and inflation by silver certificates with no silver back of them for the Republican shibboleth, the Republican business men's votes in this city at the next election will be very generally Democratic."

Wonder why the City Council has never ordered an election to fill the vacancy caused by the removal of Mr. Hugh F. Shannon to Chicago? Mr. Shannon has been absent several months, and it is known that he has no intention of returning any time soon. The cost of a special election could have been avoided by ordering a vote to be taken next Monday to select his successor.

Foster's Predictions.

Foster, the Missouri weather prophet, says: "The last storm wave was predicted to leave the Pacific coast about the 21st, cross the continent in about five days and reach the Atlantic coast about the 25th. The next storm wave was due to leave the Pacific coast about the 27th, cross the east slope of the Rockies the 28th, the Mississippi Valley from the 28th to 30th and reach the Atlantic coast about the 31st. It is expected to be a southern storm with very much colder weather in the northwest following it than has occurred for several weeks. This storm is not expected to be as severe as the two that preceded it. Following it is expected to be some of the coldest weather of the winter in the northwest but the cold will not remain long and the first half of January will bring some very fine weather in the great valley. The winter will be more severe in the northeast. The generally warm weather in the west has verified my predictions and cold weather continued may not be expected till after the middle of January and the coldest weather of the winter will occur in February."

THE SOUTH'S PROGRESS.

Figures Showing the Gains Made in Wealth by Southern States During 1890.

The Baltimore Manufacturers' Record publishes in this week's issue its annual review of the industrial progress of the South for 1890, showing great prosperity and activity throughout that section.

The total assessed value of property for 1890 is nearly \$4,500,000,000, a gain of \$270,000,000 over 1889, and of \$1,600,000,000 over 1880.

The number of national banks in the South is 590, with an aggregate capital of \$90,763,705, an increase during the year of 104 banks and \$10,935,000 in capital. Only two Southern national banks failed during the year, and both of these failures were due to dishonesty in management, according to Government reports.

During the year 2,499 miles of railroad were built in the South, against 2,296 miles in 1889.

The total value of foreign exports from all Southern ports for the first eleven months of 1890 was \$268,293,000, an increase of \$24,141,010 over the corresponding months of 1889, while the increase in the balance of the country was only \$4,834,477, the increase at Southern ports being five times as great as the combined gain at all other United States ports.

The production of pig iron for the year foots up about 1,960,000 tons, or a gain of 395,000 tons over 1889, or 830,000 tons over 1883, and of more than 1,000,000 tons over 1887.

The total production of cotton of the last six years has been 42,000,000 bales, worth, including the value of seed sold, about \$2,300,000,000. The consumption of cotton by Southern mills was 549,498 bales last year, against 266,000 bales in 1885, a gain of over 100 per cent.

During the year 3,917 new manufacturing enterprises, covering every variety of industry from tack works to steel works, were organized in the South, making a total during the last five years of 17,000 new enterprises.

A Noteworthy Exception.

From the Kimball (S. D.) Graphic: "While the columns of the Graphic are open to any and all unobjectionable advertisements, yet it is quite impossible for us to speak knowingly of the merits of various articles of merchandise advertised. Particularly is this true of patent medicines. But there are exceptions occasionally and a noteworthy exception is the celebrated Chamberlain's Cough Remedy. This now universally known medicine has been advertised in the Graphic for four or five years but not until recently had we any personal knowledge of its wonderful efficacy which has come about through the prevailing influenza and the stubborn cough that has so often attended it. In the writer's family this medicine has on several occasions this winter cured a cough that baffled any and all other medicines; and the number of families in Kimball and vicinity, in which this remedy has been used, with like effects, attests to its value as a specific for coughs and colds of every nature." Wm. F. Clarke, another one of our good citizens, zone. He had been lingering a long time, patiently enduring his afflictions, and on the night of the 26th inst. he was relieved of his sufferings and borne to the realms above. His funeral was preached at the Baptist Church on Sunday morning by Elder Wright, of Mt. Pisgah Church. A large concourse of friends followed the remains to their last resting place in our cemetery. Deceased leaves a wife and ten children. Seven passed on before him. He was a kind and affectionate husband, father and highly respected by all who knew him. He was a man of unbounded hospitality. His home was always open to his friends, and even strangers found a home there. He was seventy-two years old, and had been a member of the Baptist Church for many years. To the last, his mind was clear and his hope firm on the promises of God.

of our best people greeted the return of
the musical McGibney Family at Mac-
auley's, and were charmed with the pro-
gramme presented. Every member was

most happy picture on the stage.—Cour-

REV. JOHN G. BRUCE, the oldest Metho-
dist minister in Kentucky, and when in
his prime one of the ablest of his de-
nomination in the United States, died at
his home near Danville Monday at a late
hour, of old age. He was regarded as
one of the most distinguished ministers
of his day—a compeer of Bishops Kava-
naugh, Bascom and others. Between
1840 and 1850, he had charge of the
church at Flemingsburg, and was after-
wards Presiding Elder of the Maysville
district.

EVERYBODY who heard Hon. Samuel
Phelps Leland's lecture last evening on
"The Land of Burns and Scott," was
delighted. The distinguished speaker
was greeted by a fine audience composed
of many of our best citizens, but the
opera house should have been crowded.
The Lyceum Bureau has gone to great
expense to secure this series of lectures
and concerts, and as the proceeds are for
the benefit of the churches, the public
should patronize the entertainments most
liberally. The two concerts in the course
will be well worth the cost of a season
ticket, and the lectures are intellectual
treats and should be heard by all. Let the
opera house be crowded when the next
one is delivered.

Dr. Skinner.

Beginning with the new year, Dr. R. M.
Skinner offers his services to the citizens
of Maysville and Mason County, having

Limestone street, one door south of Third
Doctor Skinner graduated at the Clevel-
and Homeopathic Hospital College in
1886, since which time he has been in
practice at Owensboro, Ky., and was
phenomenally successful, both in the
treatment of chronic and acute diseases.
Since graduating in general medicine he
has also taken a special course in the
science of glass-fitting for irregular vision,
which has been the obscure cause
of many nervous diseases. He also has
a treatment for catarrh, hay fever and
asthma that is universally pronounced
the most successful in that known to
medical science. d&wlt

MINER'S MAXIMS

It's only by comparison
That real value is determined.

Comparisons are said to be
odious, but Miner's Shoes in-
vite comparison, because they
neither shrink nor suffer from
the trial—they contain real value.

Professor Koch is just now
the most talked-about person in
Europe, and justly so, for his
feat in finding a cure for con-
sumption is worthy of admira-
tion; still, people who buy their
Shoes at Miner's will find their
own feet comfortable and avoid
the consumption of their income.

"Something for nothing." It
sounds well in theory, but to ob-
tain value for value suits most
people in practice.

BIG FIRES IN LONDON.

A Number of Buildings Completely Destroyed.

LOSS NEARLY HALF A MILLION.

While One Conflagration is Raging Another One Breaks Out in a Different Part of the City—Fire Losses Elsewhere.

LONDON, Dec. 31.—At 2 o'clock yesterday afternoon a terrific conflagration broke out on Queen Victoria and Thames streets, intersecting thoroughfares in the great business quarter of the city. A large number of warehouses were on fire. A high wind which prevailed rendered futile the efforts of the firemen to prevent the spread of the flames or even keep the raging element under any sort of control.

A large paper warehouse, a number of fancy goods stores, and the Gulcher engineering works, and the great fur emporium of Revillon Freres, were next reached and entirely destroyed.

Twenty-nine engines were called into use and, the wind subsiding, the fire was got under control, but not until it had greatly damaged St. Benet's church.

The phenomenally cold weather greatly hampered the efforts of the firemen, the water freezing in the engines, and many of the men having their hands and other parts of their bodies frozen. The hosemen had to be lashed to the ladders, their hands being so numb that they could not grasp the supports.

The total loss is placed at \$400,000. The heaviest individual loss is that of Revillon Freres, the wholesale furriers. They had just imported a stock of seal-skins valued at \$100,000.

Later estimates place the loss to Revillon Freres at \$200,000. Their stock of furs was valued at \$250,000. Half the stock was totally destroyed, and the remainder damaged.

While a large portion of the fire brigade was occupied in battling with the fire in Queen Victoria street, another serious conflagration was raging in the suburb of Hackney, sixteen engines being engaged in the attempt to subdue it. The property destroyed in this locality was the works of Carless, Capel & Leonard, benzoline refiners and naphtha distillers. There were 10,000 gallons of spirits stored in tanks underneath the buildings, and while the fire was in progress several of these exploded with great force, injuring a number of persons, and terrorizing the population of the vicinity. The shock of the explosion was plainly felt at points in London, five miles distant. The works were entirely destroyed, together with some of the adjacent buildings. The loss is very heavy.

Town Almost Wiped Out.

LEWES, Del., Dec. 31.—A disastrous fire broke out at Milton, Del., at 3:30 o'clock yesterday, which resulted in the destruction of the principal business portion of the town. The losses are as follows: Burton and Parker, general store, loss, \$15,000; insurance \$5,000; W. H. Fox, loss \$5,000; insurance \$3,000; S. J. Wilson, undertaker, loss \$3,000; insurance \$1,500; Willey and Virden, butchers, loss \$500; no insurance; post-office building destroyed, no loss on contents.

Several other buildings and small stores, without insurance on their stock, were burned. The total loss is about \$30,000, probably half covered by insurance. The fire originated in Burton & Parker's store, probably from a defective stove or flue.

Court House Burned.

MARYSVILLE, Kan., Dec. 31.—The Marshall county court house was totally destroyed by fire yesterday. The more valuable records are in a fire-proof safe, and it is thought they are not injured. Loss, \$50,000; insurance, \$15,000. The fire, it is thought, was the work of an incendiary.

Grocery and Saloon Robbed.

ST. LOUIS, Dec. 31.—Last night while Herman Fetterer, owner of a grocery and saloon at the corner of Howard and Twenty-fifth streets, was shaking dice in the rear of the store with a man named Burke, two masked men entered, and covering Fetterer and Burke with revolvers, demanded the money in the store. Fetterer ran into an adjoining room to get a revolver, but was met by two other robbers who also carried revolvers. The robbers secured about \$100 in money, a gold watch and other articles of value. As the robbers left the store Fetterer fired a shot at them, which the burglars returned, but neither took effect. The police have not yet located the robbers.

Into an Open Switch.

LAS VEGAS, N. M., Dec. 31.—Last night an ice train of sixteen cars and caboose coming down from Hot Spring was wrecked by running into an open switch into the yards at this place. A. K. Nones, general manager of the Las Vegas ice company, was instantly killed, and a brakeman named Garrett was slightly injured. Mr. Nones came here two years ago from Louisville, Ky. His death is peculiarly sad from the fact that he was soon to have been married to a lady of this city.

Chicago Bank Robbers.

CHICAGO, Dec. 31.—Chief of Police Marsh feels confident that in the three desperadoes under arrest, he has the men who perpetrated the Allerton robbery and who knocked down and robbed an old man a week or so ago near the stock yards. "The description given by Allerton's messenger and by the old man of the men who attacked them fits Featherstone, alias Hennessy and Bennet," said the chief yesterday, "and we are in hopes that we have the gang locked up. All the thieves will be arraigned before a justice of the peace."

Miners Want An Increase.

PITTSBURGH, Pa., Dec. 31.—Representatives of the Monongahela coal miners met at Monongahela City yesterday and resolved to demand an increase of pay for mining coal. The present rate is three cents; they will demand three and one-half cents, to take effect January 1. Between 5,000 and 6,000 men are affected.

BUT ONE MAN SAVED.

A Schooner Capsizes With Eight Men on Board.

PHILADELPHIA, Dec. 31.—The schooner A. D. Lamson, which arrived here yesterday, brought Charles Wallenberger, the sole survivor of the crew of the schooner Lucinda C. Potter, from Boston, for Norfolk, which consisted of eight men. The Potter capsized Sunday noon off Barnegat and five men drowned. The captain and the two remaining sailors gained a logment on a portion of the vessel's hull, but two of them, one the captain, died from exposure.

When the Lamson found the wreck Sunday night and sent a boat to take off the men, the captain was still alive, but died half an hour after being taken on board the rescuing vessel. Wallenberger was scarcely more than alive, but soon got over the effects of his exposure.

Shot One of His Former Employees.

TONESTA, Pa., Dec. 31.—At Clarington, this county, yesterday Edward S. Shippen, member of the firm of Shippen Brothers, lumber dealers, shot and instantly killed S. W. Say, one of the employees of the firm. Bad blood was engendered by Say coming to work late and being sharply reprimanded by Mr. Shippen. Say worked till noon and then went to the firm's office and demanded his money. In settling accounts the dispute was renewed, during which the murdered man struck Shippen. Mr. Shippen claims the shooting was done in self-defense, and that he only fired when he thought his life was in danger. Shippen is in jail. Say leaves a widow and a family of small children.

Inhuman Treatment of an Old Lady.

NEW HAVEN, Conn., Dec. 31.—The selectmen of the town of Woodbury may find themselves in trouble in a few days. On Sunday they sent to the New Haven hospital a town patient, Caroline Meramble, aged 89 years, suffering from a broken hip, and bed sores on her back. The unfortunate woman was transferred in a beach wagon, in which there was nothing resembling a bed. The distance is twenty-eight miles, and as the woman had little protection from the cold both legs were frozen before she reached the hospital and she was in a dying condition. She died yesterday. Coroner Mix will make an investigation.

Rear End Collision.

BALTIMORE, Dec. 31.—The Washington train, which left Camden station at 8 o'clock yesterday morning, ran into the rear of the Washington express at Annapolis Junction where it was waiting for another train ahead which had been stopped by the sticking of its air brakes. Two baggage cars on the rear of the express, and containing theatrical scenery, and the locomotive of the rear train were damaged. Fireman Coursey, of the latter, was cut about the head and was otherwise slightly injured in jumping from his cab. Travel was interrupted about half an hour. No passengers were hurt.

Strikers to Stay Out.

NEW BEDFORD, Mass., Dec. 31.—A special general meeting of the spinners' union was held last night and it was voted, 79 to 22, to have the striking Acushnet mill spinners stay out until such time as the agent will agree to give them better work. The strikers will receive from the union \$5 each per week and twenty-five cents for each child in a family.

Feather-Weight Fight.

INDIANAPOLIS, Dec. 31.—Tommy Warren, the champion feather-weight of California, easily defeated Tommy Miller, of this city, in three rounds last night. Miller got in a few good blows in the first round, but in the second round Warren's body blows rather winded him. In the third round Warren knocked him down twice and punished him so badly that when time was called in the fourth round Miller threw up the sponge. Both men were in good condition.

Killed Her Nephew.

CHICAGO, Dec. 31.—Mrs. Joerdn, the aunt of Frank Braun, who was found dead in his saloon at Miller and Polk streets Saturday morning, yesterday made a confession admitting she fired the shot that killed her nephew. She had a quarrel over money matters. She claims that Braun made an attack upon her, and that she shot him in self-defense.

Crushed to Death by a Falling Tree.

UTICA, O., Dec. 31.—Elmer Haas, a young man, 23 years of age, while cutting railroad ties about three miles southeast of here, was instantly killed yesterday by a tree falling on him. The body was terribly crushed.

King Kalakua Will Soon Return.

SAN FRANCISCO, Dec. 30.—King Kalakua will return to Honolulu on the United States flagship Charleston, during the first week in January. His health has been much improved since he arrived here.

Temporary Assignment.

LIMA, O., Dec. 31.—The firm of W. H. Hay & Company, grocers, made an assignment to R. C. Eastman, attorney. They were embarrassed by being surety for a considerable amount for W. H. Henders, of Harrod. The assignee states that the assignment will only be temporary.

Life Sentence Pronounced.

LANCASTER, O., Dec. 31.—John L. Tisdale, who was convicted of murder in the first degree for shooting George L. Boger, at Lockville, last June, pleaded guilty to murder in the second degree yesterday in preference to undergoing a new trial, and was sentenced to life imprisonment.

Lived 108 Years.

LIMA, O., Dec. 31.—Daniel Curran died Monday night, aged 108 years. He had lived here thirty-five years. He leaves a brother at Bellefontaine 100 years old. Mr. Curran possessed all his mental faculties to the last. His remains will be taken to Bellefontaine for interment.

Spruce Timber Cut.

LANCASTER, N. H., Dec. 31.—The spruce timber cut for the current winter in Goss county, N. H., and adjacent towns on the Connecticut river in Essex county, Vt., is estimated in round figures to be 200,000,000 feet.
